DECCAN TRADERS EDUCATIONAL PUBLISHERS has been established in the year 1992 with an intention to serve the students in an appropriate and adequate manner. Dedicated teachers and educationists did a tremendous job in laying a strong foundation to our Educational Publications. We strive hard to gain the confidence of students and teachers.

We started the publication of school books & reference books in 2011 onwards. Our publications are based on the guidelines of NCERT following the policies of State Government and Central Government. There are variety of Text Books, Work Books, Reference Books, Children's Books & books in English, Hindi, Telugu, Urdu Languages as well as in subjects like Maths, Science, Social Studies, Environmental Studies, Computer Science and General Knowledge.

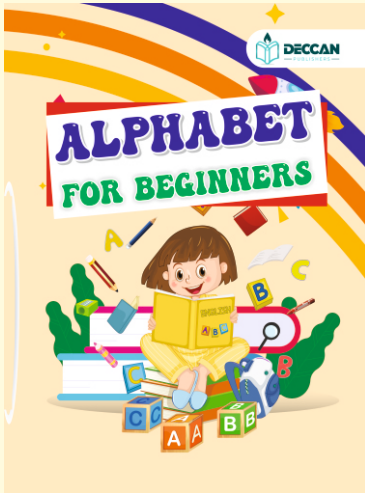

We prepare books with the intention to make the students competent in the present world scenario. The books include a systematic purposeful and objective study of the wide range of disciplines and environment around us. We try to prepare the students to face this highly competitive and information oriented contemporary world with confidence and success. We provide Digital Assistance & Web Support in learning activities. Our publication has set a good record of serving the Students, Teaching Faculty & Schools.

This particular "Catalogue" is a useful handbook to select the books of your choice and requirement. Our motto is to educate and provide success to the students. Hope you will extend your support and encourage as usual.

Thanks

FLASH TERM BOOK

Flash Term Book is a series of twenty one books for classes LKG, UKG and 1 to 5, comprising three books for each class. There is one book for each term. Each book is an integrated course covering all the core subjects. The series has been structured on the guidelines of the National Curriculum Framework for School Education, integrating all the essential elements for a child's holistic development. The core subjects – English, Mathematics, Science and Social studies – have been presented in a child-centric, interactive and lucid manner to sustain the interest of the learners of each level. Well-graded and precise, the content has been effectively divided into topics and sub-topics. Scientific use of pictures, diagrams and illustrations, varied exercises to address multiple skills and salient pre-and post-reading activities act as effective tools of conceptual learning.

SMART KIDS ALL IN ONE (SEMESTER COURSE)

Smart Kids All in One is an **Integrated Semester Course**. As per the convenience of child students carrying more loads in their school bags, we have come up with a series of 10 'Semester Books' from class I to V. The course of one year for each class is divided into two semesters, therefore, we have divided the course of one class in Semester-I and Semester-II course, i.e- one integrated book for each semester. Course is selected on the basic guidelines set in the New Education Policy (NEP).

HINDI READER

हिंदी पाठमाला : नए ज़माने की अनूठी पहल

समय के साथ-साथ लोगों के रहन-सहन, खान-पान, आचार-व्यवहार और भाषा आदि में अनेक तरह के परिवर्तन देखे गए हैं। आज 21वीं सदी के प्रारंभ में हमारी 'राजभाषा हिंदी' में भी महत्वपूर्ण परिवर्तन देखने को मिलते हैं। यह हिंदी पाठमाला इन्हीं परिवर्तनों को ध्यान में रखते हुए प्रवेशिका स्तर से कक्षा आठ तक के पाठ्यक्रम के लिए तैयार की गई है। इस पाठमाला के लेखन से पूर्व हमने विद्वान शिक्षकों तथा भाषा विशेषज्ञों के संतोषजनक सुझावों को आधार बनाकर ही इसका लेखन कार्य पूरा किया है।

DOVE ENGLISH READER

Dove English Reader English has emerged as one of the most common languages to be used by people of diverse backgrounds to communicate with one another. The role of the English language in shaping the careers and future of young India is commendable. It has been part and parcel of official functioning, academic discourses, and interdisciplinary advancement in fields such as science, technology and commerce. For the people of our country, English is not only a window to the world but a bridge between the languages and cultures at home.

The series 'Dove English Reader' for classes 1 to 8 is designed with a holistic approach to language proficiency after a long and close research on learning situations inside and outside the classrooms.

ELEMENTARY MATHEMATICS

Elementary Mathematics is a science of measurement, of establishing quantitative relationships between the properties of entities. The entities being measured occupy the whole spectrum of abstractness, from first level concepts.

This series of **Mathematics (Books 1-5)** is strictly based on the latest guidelines and syllabi by NCERT. This series enables the children to assimilate and apply mathematical concepts. Modern lifestyle seems completely handicapped and at times high improbable, in the absence of mathematics and its essentiality for the new generation to be capable of coping with the same with a logical mind.

AMAZING SCIENCE

Amazing Science: Science is a broad subject and covers many topics. It has brought tremendous changes in our lives. Today, most people live comfortable and healthier lives than ever before. The students should understand that the role of science has, by far, been most instrumental in making this happen. Students need to comprehend this, learn to pose the three golden questions- **Why? How? What?** and thereby develop a scientific temperament.

Amazing Science comprises a set of six books for students of pre-primary and primary classes. Science cannot be taught by rote. It is an understanding based on observation leading to inferential thinking and applying this thinking to the day-to-day happenings. The main aim of this series is to empower the young minds with the aptitude for science. Today science is playing a vital role in our lives.

ENVIRONMENTAL STUDIES

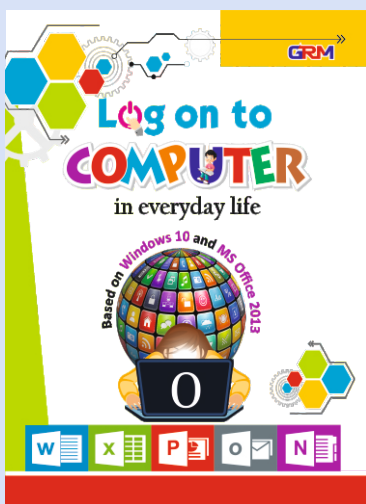

Deccan's Environmental Studies: It is necessary for each of us to understand the environment and various major problems connected with environment spread over the globe. Environmental education is the only means which can guide us or aware us towards the environmental conditions present in modern world. So, Environmental Education has been becoming the integral part of the education. It makes the students aware of the different environmental problems. It not only brings out the various causes of environmental problems but also suggests the means to solve these problems. It helps to create positive attitude and environmental friendly habits among the students and other readers. The students are able to understand the problems present on local as well as national or international level. In this way, they can play a vital role to protect the environment.

COLOUR BOOKS

Colour Books: A thing of beauty is joy for ever. Children are beautiful and beauty charms them. They say that an Artist is born but it need not be so always. Practice makes one perfect. Since development of sense of beauty is a most valuable virtue, it needs to be developed from childhood. Beautiful objects around make children to appreciate beauty. It develops values of neatness, accuracy and balance. It is therefore necessary for the schools to inculcate sense of beauty in the children from the beginning of formal education. Keeping in view these objectives, Deccan Traders have Developed a series of Drawing Practice Books. The practice of designs and patterns has been provided with gradually increasing the difficulty level.
